ABOUT US

We, "NSP ENTERPRISES" established in the year 2014 at Delhi is reckoned as one of the prominent manufacturers and suppliers of comprehensive range of sheet metal office chair components. With more than 30 years of expertise in sheet metal industry under the umbrella of " M/s Kala Engineer", our parent company , our effort is to deliver the best technological sheet metal solutions at par with the international standards.

A workforce of highly motivated, skilled personnel and professionally qualified staff in Design, Production, Planning, Quality control, Fabrication and Assembly are backbone of our company.

NSP Enterprises is very well equipped with the latest infrastructure and self-sufficient modern manufacturing facilities like in house nickel chrome plant, conveyORIZED powder coating plant, robotic welding, CNC laser cutting machine , CNC EDM wire cut machine, CNC pipe bending, NC sheet bending, pipe tapering, pipe chamfering, NC pipe cutting & sheet cutting with automatic feeding line for pneumatic power press to name a few with the latest technology for manufacturing, R&D and QC. We are continuously evolving our setup to be at par with best manufacturing facilities. The unique blend of modern technology from all over the world has enabled to maximize its capability.

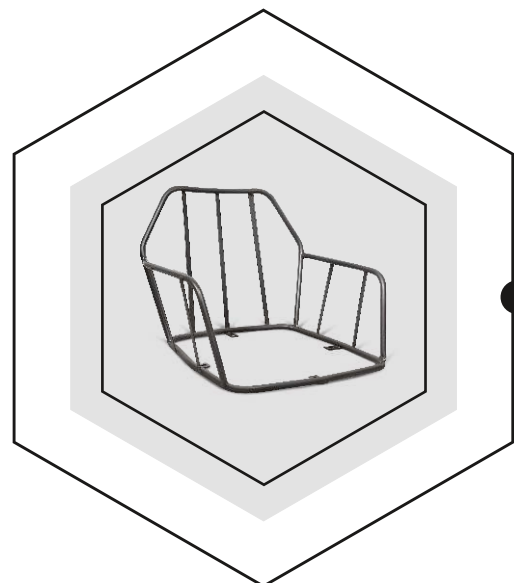

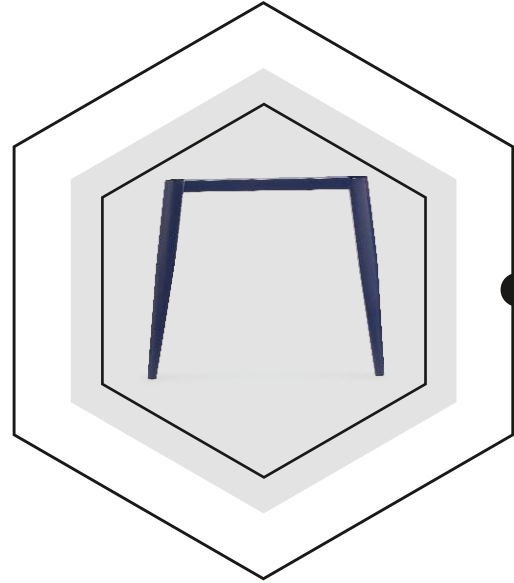

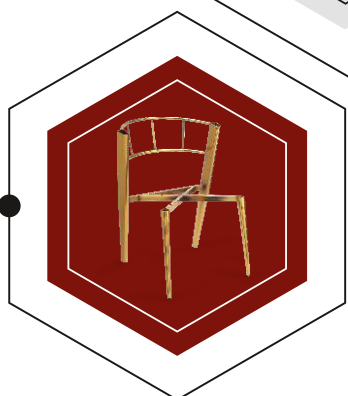

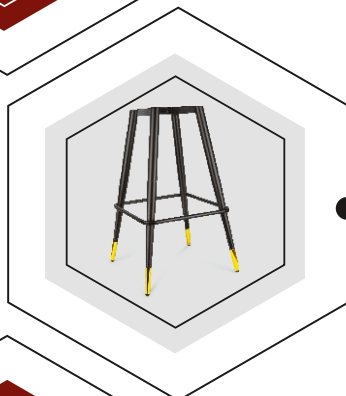

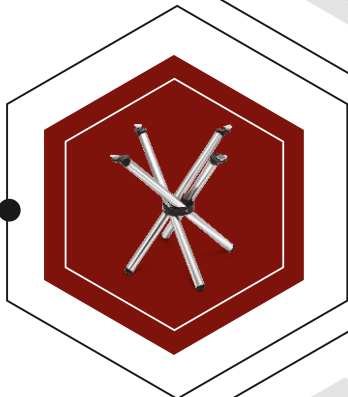

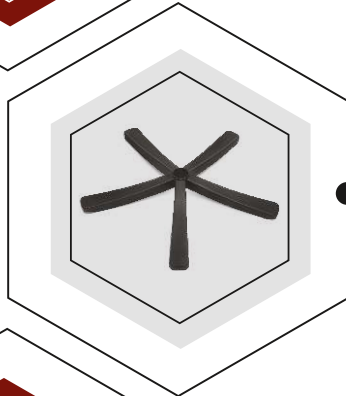

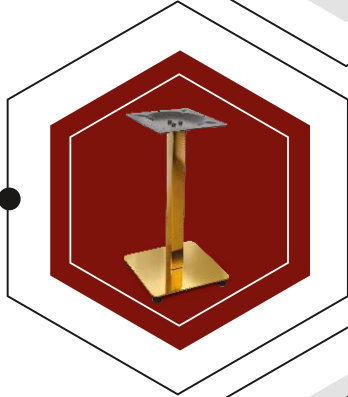

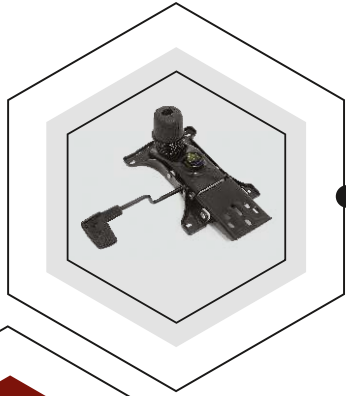

All the basic parameters and assembly levels are maintained to serve the clients with the best quality products enabling them to achieve desired standard accuracies in their end products.

To achieve the best quality we have always arranged strict inspection and quality control in every process of our factory. From raw material sourcing, raw material inspection, half produced goods inspection and etc. we will try all our best to guarantee the best quality as per our customer.

We believe in "trust, quality and hands on service" as these are the key ingredients to establish solid business relationship with customer and maximize customer satisfaction. We sincerely look forward to establish a transparent credible and mutually profitable business relationship with you in the near future.

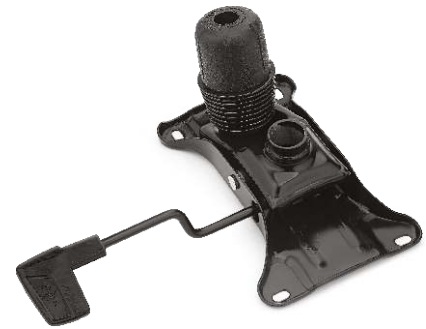

We are capable of meticulously customizing products based on requirements of customers.

Strength, Style & Sustainability - The Future of Metal Furniture Components.
